

Today, the Government of Serbia supplemented the decision on limiting the price of basic foodstuffs, in the part that refers to the prices of pork, as well as the limitation of the margin for the sale of chicken meat.

The decision made will result in a price reduction compared to the average prices in stores, i.e. pork shoulder by 173 dinars per kilogram, pork neck by 218 dinars per kilogram and pork loin by 150 dinars per kilogram, while at the same time the price of pork leg will be leveled. , announced the Ministry of Agriculture, reports Tanjug.

The Government of Serbia also made a decision to limit the amount of the margin when selling chicken meat to a maximum of 10 percent, Politika reports.
